NUS-UK is the representative body for member students' unions of the Union of Students in Ireland and NUSUK. NUS-UK's agreed mission is -

To promote, extend and defend the rights of students AND
To develop and champion strong students' unions

The vision of NUS-UK is to promote social justice and reduce educational inequality where everyone has the right to participate in a society, which respects diversity and human rights. Every student will play an active part in and be a respected member of a society that values learning, participating with their students' union locally, and nationally through NUS-UK, which will continue to be the recognised voice of students in Northern Ireland.

We are seeking people with a track record of working at a senior level within democratically led organisations and civic society, who are able to advise on the strategic direction of our organisation as well as providing help and support to our team of elected officers and the staff team.
